

### WHO CHOOSES DMC

Our patients have the same co-morbidities (disease complexity) and hemoglobin rates as the average Ontario chronic dialysis patient.

### DMC SUPPORTED

permanent patients this year

### AN INCREASE OF

of total patients from 2022

### HOSPITAL SUPPORT

DMC supports patients from multiple regional renal programs

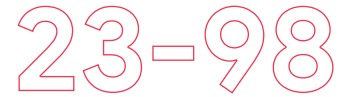

TREATMENTS PROVIDED

Average age of patients cared for

Age range of patients cared for at DMC

Lakeridge Health

24% of patients

Mackenzie Health

12% of patients

Peterborough Regional Health Centre

24% of patients

Scarborough Health Network

28% of patients

Toronto Area Hospitals

12% of patients

FACILITATED 324 MULTI-DISCIPLINARY TEAM CLINICAL ASSESSMENT WITH THE HOSPITAL PROGRAM

## Our Accomplishments

### COMPLEXITY OF CARE

0.35% of DMC patients had to return to hospital for increased care

### INNOVATIVE ADVANCES

Introduced new therapies to treat chronic itch in dialysis

### SUCCESS METRICS

0 Patients from our Markham and Pickering sites chose to return to hospital post transfer

125 LESS HOSPITALIZATIONS than the expected average for community dialysis clinics

IN 2023 WE AT DMC CELEBRATED

# 7 transplants

and

### TRANSFER TO HOME DIALYSIS

### TREATMENT ON THE GO

Facilitated 27 DMC patients to vacation at another dialysis centre 22 OUTSIDE ONTARIO | 5 IN ONTARIO

### TRAVELLER ACOMMODATIONS

Supported numerous patients wishing to travel to our centres 17 ONTARIANS | 7 CANADIANS 22 OUT OF COUNTRY

### NEW TREATMENT OPTIONS

Transitioned all eligible patients to hemodiafiltration (HDF) in response to the landmark CONVINCe study

### EXPANDING ACCESS

Opened 3 new dialysis stations at our Markham facility to accommodate growing demand

### SERVING MORE PATIENTS

Over the last 3 years, patient volumes grew by 45%, reflecting our ongoing commitment to meet care needs
